

CHILDREN & FAMILIES COMMISSION TOWN MEETINGS

**Attention!
Families with Children Age 5 and under,
Anyone Expecting a Child,
And Interested Members of the Community**

In November 1998, the California voters passed Proposition 10, creating the Children & Families Program to increase services for young children and their families by increasing taxes on cigarettes and other tobacco products. Colusa County receives approximately \$250,000 a year to improve early childhood development services and help support strong families. The First 5 Colusa Children & Families Commission is responsible for the plan to use these funds to address the needs of our children and families.

We need your help!

Please come to one of our town meetings and tell us what services would really help your children age 5 and under and you as a parent.

Snacks will be provided!
